

**“FOR ALL  
YOUR  
GRINDING  
NEEDS “**

Since 1960 Active Grinding Inc., has been well know for the highest quality services and the highest standards, our reputation is second to none. We offer ID, OD, Centerless, Surface, Hone, and Jig grinding. Active Grinding also offers CNC OD Grinding, CNC and Manual Complete Machining and Manufacturing.

We hold the closest tolerances, within +/- .000050.

We offer tooling and special equipment manufacturing.

Active Grinding has the ability to deliver even the most difficult jobs, with-in a one week turn-around, which is founded on the experience and professionalism of our craftsmanship. Our commitment to quality, craftsmanship, and on-time delivery is supported by years of experience in the grinding industry.

For your convenience we offer free local pickup and delivery.
